

Good Sam Blue Crab Fun Bunch Meeting
Sunday, July 16, 2006
American Heritage Campground
Williamsburg, VA

The meeting was called to Order by President Mary at 9:10 a.m.

Treasurer Report: Previous Balance was \$1210. The club reimbursed Mary for the purchase of the flag patches as voted on last month. Final Balance \$1110. Bank cards were ordered to eliminate the need for writing checks. Linda S. and Mary will hold these cards. The treasurer's report was accepted.

Old Business

Linda W. reported that Ann's surgery was postponed for July because of complications. No new date was established. She will keep us informed. Mary wants to get another card for her.

We decided that we don't need to establish any committees at this time.

Mary reminded the group to respond to Debbie A. (August coordinator) regarding activities for the Candy Hill campout.

Mary had all attending members review and update their email addresses and add their birth dates.

Club patch update - Mary had to send a picture of the patch to the company creating the patches.

No word on our vests.

New Business

We will be keeping a list of the campgrounds we like, so we can return. Everyone agreed that American Heritage is on the "good" list.

Mary would like everyone to email her any pictures they have from our campouts and meetings. She wants to put together a scrapbook.

We had a short discussion of campgrounds for next year. Some suggestions were: Kings Dominion, Eastern Shore (this is a state park – Don will get more information), a campground in Staunton, VA (Eric suggested this and will get more information).

We will be making poles for our flags at the next campout. Jim volunteered to gather the necessary supplies (which the club will reimburse). Don suggested a design for

displaying our club banner. He may already have a frame that will work, but will check out the dimensions.

The meeting was adjourned at 9:25 a.m.
