Wagon Master Report: The Wagon Master Emeritus, Greg, gave a brief report that the few people that made reservations for the April campout all cancelled as there were only 3 rigs going. All other campouts are ready for everyone to make reservations. Dogwood Acres won't officially open until April and they are only in the office sporadically but if you leave a message, they are very good about calling back.

New business:

Because everyone cancelled for the April campout, it was decided to give everyone until the May campout to pay their dues. Also due to the cancellation of the April campout, we decided to hold a lunch meeting for the month of April. Bob and Hatti will look for a place to meet.

The history of poor attendance at the April campouts was discussed. Reasons for not attending cover a variety of reasons such as still being in winter destinations, rigs aren't de-winterized yet, and rigs are in the shop getting things fixed for the upcoming camping year, to name a few. It was decided that we would abolish the April campouts and add April to the off season luncheon meetings.

The next meeting will be held April 23. The location is yet to be determined but we'll let everyone know as soon as possible.

Meeting adjourned at 2pm.

Bob Curran (acting for the secretary)
