New Business:

A discussion took place in regards to the campgrounds that were turn in from the members of the group. Please keep in mind that when a campground is turned in for the wagonmaster to book for the each new camping season, that the following requirements should be considered. The first thing: do they have a bldg or some kind of structure that can be used for meetings and potlucks for keeping us dry. Can the campground give us a destined place to be together as a group. Some members would like the campgrounds to have WIFI and a pool. Of course, all months a pool is not required. If a campground is put in as a choices and it is selected that year, then that person(s) can host or help host that particular campground. This campout the sites were way to small (seating in the street so we could seat together and talk) Tables had to moved, which were heavy tables, just to have both our meeting and our potluck. There were only 5 rigs, so this is being table for next month campout for more discussion.

Number of Rigs at the campout: 5 rigs
